PROFILE SUMMARY

I'm a passionate frontend developer currently studying at Aptech Learning Pakistan, where I've built strong skills in HTML, CSS, JavaScript, and Bootstrap. I specialize in creating clean, responsive user interfaces and apply AI tools to enhance productivity and design. I've gained hands-on experience through building Shopify dropshipping stores and have previously worked in video editing, affiliate marketing, and YouTube automation. Alongside frontend development, I'm expanding into backend technologies and digital marketing to grow into a full-stack role in the future.

WORK EXPERIENCE

Shopify Dropshipping

JAN 2025 - PRESENT

Shopify - Self Employed

- Built and managed a Shopify dropshipping store, handling product sourcing, store design, and order fulfillment. Gained experience in e-commerce management, customer service, and digital marketing to drive sales and improve user experience.

Diamond Communication

MAY 2025

Call Center Agent - Part-Time

- Worked part-time as a call center agent, providing customer support and resolving queries efficiently. Developed strong communication, problem-solving, and multitasking skills for supporting my family.

Growbiz Network

JUL 2024 - OCT 2024

Affiliate Marketer - Self Employed

- Worked as an affiliate marketer promoting 24+ online courses through Instagram and Facebook marketing. Courses included video editing, SEO, Facebook ads, Google ads, and more. Earned certificates and developed skills in content creation, lead generation, and digital marketing. "Still retain account access and may resume on-demand."

Freelance Video Editor

JAN 2024 - MAR 2024

Freelance - Self Employed

- Worked as a freelance video editor using CapCut and KineMaster. Learned to create engaging videos with music, text, effects, and smooth transitions. Improved creativity, time management, and communication skills. Worked as a freelance video editor using CapCut and KineMaster. Learned to create engaging videos with music, text, effects, and smooth transitions. Improved creativity, time management, and communication skills.
